

## BML ERWIN DATA MODELER EXPORT

BML ERWin Data Modeler Export provides the ability to export information contained within BML WHICH models to Computer Associates (CA) ERWin Data Modeler, version 4.0. The export shows the WHICH Entities, descriptions, attributes, and relationships between Entities, within the CA Erwin Data Modeler.

The export is generated based on the information sources- BML files and models- selected by the user and can be output in an eXtensible Markup Language (.xml) format. The BML ERWin Data Modeler Export is offered as an add-on to the BML Product Suite and is a standalone license.
